Sushil Shivsharan

Software Developer | 2+ Years of Experience in Testing & Development | Skilled in React.js, Node.js, Java, Selenium, and Automation

Pune, Maharashtra, India

Summary

IT Professional | Aspiring Software Developer

With 2 years of hands-on experience in software testing, I have honed my skills in ensuring the delivery of high-quality, bug-free solutions. My expertise includes test case design, test script execution, and leveraging tools like Tosca and Selenium for automation and validation.

Recently, I have taken a leap forward in my career by completing an intensive learning journey in software development. Armed with knowledge of modern technologies like React.js, Node.js, MongoDB, and Express, I am passionate about building innovative and efficient solutions that make a difference.

My transition from testing to development stems from my desire to contribute directly to the creation of software products while applying my strong foundation in quality assurance to deliver robust and scalable applications.

Key Skills:

Software Testing (Manual & Automation)

Test Environment Setup and Validation

Frontend Development: React.js

Backend Development: Node.js, Express

Database Management: MongoDB

Problem-Solving and Collaborative Teamwork

Experience

Wipro

Project Engineer

April 2022 - November 2024 (2 years 8 months)

India

- 1) Automated test case execution using Selenium WebDriver and Tosca
- 2) Designed, prepared, and executed test plans, scenarios, and cases for web applications
- 3) Utilized Tosca features including Modules, Test Case Design, and Execution Lists to ensure comprehensive test coverage
- 4) Collaborated with development teams to identify, report, and resolve defects
- 5) Conducted end-to-end testing for multiple projects, ensuring high-quality software delivery

Education

Pimpri Chinchwad Education Trust'S. Pimpri Chinchwad College Of Engineering

Bachelor of Engineering - BE, Electrical, Electronic and Communications Engineering Technology/Technician · (2018 - 2021)
