Profile Summary

Cybersecurity enthusiast with expertise in security monitoring, incident detection, threat analysis, and vulnerability management. Skilled in identifying and mitigating cyber threats to enhance system defenses. Passionate about threat intelligence, security operations, and advancing defensive security techniques to protect organizations from cyber attacks.

Experience

- Offenso Hackers Academy** October 2024 - March 2025
Student Trainee
 - Gaining comprehensive knowledge in network security, offensive & defensive security techniques, network pentesting, web application pentesting and Active Directory.
 - Conducted vulnerability assessments and penetration testing on web applications to identify security flaws in lab environments.
 - Performed password brute-forcing on login forms using Hydra to assess authentication security.
 - Implemented & utilized SIEM tools like Splunk, Wazuh for log analysis, threat detection and security monitoring in a SOC simulation.
 - In-depth understanding of emerging cybersecurity threats, trends and practices.

Education

- AJK College of Arts and Science / Bharathiar University** 2021 - 2024
B.Sc. Digital and Cyber Forensic Science

Technical Skills & Tools

- Security Information and Event Management (SIEM) & SOC Monitoring
- Malware Analysis & Threat Intelligence, Phishing Analysis and E-mail Security
- Incident Detection, Response and Management
- Network Security & Monitoring
- Log analysis, Alert triage & correlation
- Firewalls & IDS/IPS Monitoring, Endpoint Detection and Response(EDR) Solutions
- Security tools - Nmap, Metasploit, Burp Suite, Nessus, Wireshark, Virus Total, Splunk, Wazuh

Soft Skills

- Analytical Thinking & Problem - solving
- Attention to Detail & Adaptability
- Team work & Collaboration, Effective Communication

Courses & Certifications

- Offenso Certified Security Professional - Offenso Hackers Academy, Palarivattom
- Introduction to Cybersecurity - CISCO Networking Academy
- Digital Forensics Essentials - EC Council
- Foundations of Cybersecurity - Coursera
