SUMMARY

I am a **Certified master Ethical Hacker** with a strong passion for enhancing cybersecurity and defending systems against malicious attacks. In today's world of rising cyber threats, I am dedicated to identifying vulnerabilities, testing security measures, preventing attacks, and raising security awareness. My skills extend to penetration testing, incident response, ensuring compliance and promoting responsible disclosure. My aim is to become a Cybersecurity officer at a reputable organization, where I can make a meaningful impact in securing critical systems and data.

SKILLS

- Ethical Hacking:** Proficient in Linux tools Parrot, Kali, Windows
- Enumeration:** Network scanning, vulnerability analysis, OWASP Top 10, CVE, CWE and system hacking
- Penetration Testing:** Strong experience in web server hacking, mobile platforms, IoT/OT hacking, and SQL injection.
- Malware Analysis:** Competent in analyzing and identifying malware threats. Static and dynamic analysis
- Social Engineering:** Skilled in phishing, spoofing, DDoS, sniffing and other social engineering attacks
- Web application:** CSRF, XSS, Command Injection, File Upload, Directory transversal attacks.
- Cloud Security:** Professional knowledge in cloud computing and cryptography and steganography, wifi and mobile hacking
- Evasion:** IDS, IPS Firewalls and Honeypots, traffic analysis
- Tools:** Nmap, Metasploit, hping3, OpenVas, Nikto, Burp Suite, Wireshark, Snort and Owasp zap, sqlmap, HoneyBot
- Soft skills:** Communication skills(English, Telugu, Hindi), Hosting events, Team management and leadership.

CERTIFICATIONS

Certified Ethical Hacker (Practical), (Master)

January 2025

Certified Ethical Hacker (CEH)

November 2024

TRAINING

- Pentesting Course (CPENT) -Hacker's School** December 2024
- Ethical Hacking Course (CEH) – Hacker's School** August 2024
- Cybersecurity (Kali Linux) – Corizo powered by Wipro** June 2024
- Cybersecurity Workshop – Kristu Jayanti College** July 2021
- Risk Management & Vigilance Workshop – Kristu Jayanti College** December 2020
- French Language Course – Kristu Jayanti College** September 2020
- Brain Mapping Training – AXONET (Certificate)** January 2020
- Research & Methodology, Odontology – Value Added Course** August 2019
- Life Skills & Leadership Course – Kristu Jayanti College** June 2019
- Inspire Internship Science Camp – Y.V University (Certificate)** November 2018

PROJECTS

Bug Bounty Program (Novel Games)

May 2024

- A group project on bug bounty where we used some tools and techniques like nmap, SQLmap and XSS testing
- Participated in a bug bounty program on www.novelgames.com, identifying and reporting security vulnerabilities to improve the website security posture by using Kali linux operating system.

EDUCATION

Kristu Jayanti College

Bengaluru, Karnataka

Bachelor of Science (Honors) Forensic Science CGPA 9.8

June 2019- July 2022

Sri Chaitanya Junior College

Vijayawada, Andhra Pradesh

Intermediate (BiPC), CGPA 9.4

June 2016- March 2018

St. Jones International School

Nuzvid, Andhra Pradesh

SSC, CGPA 9.5

June 2015- April 2016

ACHIEVEMENTS

- Published an article on Toxicology in VERITAS, the Forensic Newsletter, covering the Eluru mysterious disease.
- Participated in Odontology workshops, brain mapping centers, courtrooms, autopsies, and a forensic laboratory.
- Research thesis on the project, to contrive artificial blood for use in academics.
- Awarded for a seminar on Geology at the Satish Dhawan Space Centre (ISRO).
