SUMMARY

Motivated and detail-driven SOC Analyst with hands-on experience in security operations, incident detection and response, and threat intelligence. Experienced in SIEM solutions, log analysis, and network monitoring to detect and prevent cyber threats. Strong analytical mind, proactive mindset for resolving cybersecurity issues, and continuous pursuit of learning in the dynamic security environment.

EDUCATION

Parul University

Bachelor's in Computer Science, Cyber Security

Vadodara, Gujarat

Aug 2021 – April 2025

Narayana Junior College

Higher Secondary Education

Anantapur, Andhra Pradesh

Aug 2019 – March 2021

Lakshmi English Med High School

Secondary School Certificate

Anantapur, Andhra Pradesh

Jun 2018 – April 2019

TECHNICAL SKILLS

Security Operations

Incident Response and Detection

Log Analysis

Operating Systems

SIEM Tools

Threat Intelligence

Security Event Analysis

Network and End Point Security

SOFT SKILLS

Analytical & Problem-Solving Skills

Communication & Collaboration

Adaptability & Continuous Learning

Time Management & Prioritization

PROJECTS

Network Intrusion detection system using advanced machine learning algorithms | (Academic Group Project) : A network intrusion detection system using machine learning algorithms is a security system designed to monitor, analyze for malicious activity or policy violations. It leverages machine learning techniques to enhance the detection of abnormal behavior by identifying patterns and network protocols.

Pentest on ColdBox : - Conduct a penetration test on the ColdBox framework to identify root privileges and flags and address potential security vulnerabilities.

EXPERIENCE

Soc Analyst Intern

TechdefenceLabs Solutions Ltd

Dec 2024 - Present

- **Hands-on SOC Experience** – Worked with SIEM tools, incident detection & response, log analysis, and threat intelligence.
- **Threat Monitoring and Alert Analysis** – Monitor and analyze security alerts, identifying and escalating potential threats to ensure response and mitigation.
- **Professionalism & Growth** – Demonstrated dedication, strong analytical skills, and a continuous learning mindset in cybersecurity.
