Objective

A dedicated cybersecurity enthusiast with up to 6 months of experience in security operations, network procedures, and basic familiarity with tools like Wireshark and Kali Linux. Seeking to leverage my technical knowledge in a SOC or entry-level cybersecurity role.

Skills and Tools

- **SIEM Monitoring:** Basic + of SIEM tools-SPLUNK
- **Network Analysis:** Familiar with network traffic monitoring using Wireshark.
- **Penetration Testing:** Basic understanding of Kali Linux and its tools for network security testing.
- **Vulnerability Scanning:** Familiarity with regular automated vulnerability scans and interpreting results.
- **Incident Response:** Experience assisting in the investigation of security alerts, email phishing, and malware analysis.
- **Open Source Tools:** Hands-on experience with tools such as Virus Total, Cisco Talos, URLScan, and IP Void.
- **Security Concepts:** Knowledge of common security concepts, attack vectors, and defense strategies

Professional Experience:

Security Trainee (Intern/Entry-Level) | Remonter Solutions Sept 2023 – Present

- Gained hands-on exposure to SIEM logs and basic incident analysis.
- Familiar with firewall and Active Directory logs to identify potential threats.
- Assisted in analyzing phishing attempts and managing security alerts.
- Gained exposure to email phishing, spoofing, and malware detection methods.
- Utilized basic Splunk knowledge for managing security reports and tracking security alerts.

Technical Proficiency

- **Network Analysis Tools:** Wireshark, Kali Linux
 - **Security Platforms:** Splunk, Trellix End Point Security
 - **Open Source Security Tools:** Virus Total, Cisco Talos, IP Void, MX Toolbox
 - **Firewall:** Basic knowledge of Palo Alto and other firewall technologies
 - **Other Security Tools:** McAfee IPS, McAfee Proxy Gateway, McAfee Email Gateway
-

Education:

B.Com | Osmania University

Certifications:

COMPTIA Security+ -Oct 2024 valid until Oct 2027

Learned networking basics, cisco security, firewall configuration including Cisco ASA, Palo Alto and Fortinet along with basics of ethical hacking and end point security

Strengths

- Quick learner with adaptability to new technologies.
- Effective communication and collaboration skills.
- Strong problem-solving ability and attention to detail.
- Time management and ability to work under pressure.

Declaration

I declare that the information provided is true and accurate to the best of my knowledge.
