

## CAREER OBJECTIVE

Motivated and detail-oriented intern with hands-on experience in compliance audits, policy analysis, and risk assessment. Seeking to leverage my knowledge of regulatory standards, auditing practices, and internal controls to contribute to a dynamic compliance team while continuing to develop my expertise in compliance management and regulatory frameworks.

## Experience – ANB Solutions Pvt. Limited (Intern – IRM Department)

[September 2024 - February 2025]

- Assisted in the development and review of the Information Security (IS) Policy for Asia 3<sup>rd</sup> largest metro network, ensuring alignment with industry standards (ISO 27001) and regulatory requirements for transportation systems.
- Contributed to compliance audits by helping to review internal documents and processes, assessing adherence to the IS Policy and related governance frameworks.
- Supported the Internal Document Review (IDR) process by mapping evidence to compliance checklists and auditing documentation to ensure adherence to client security policies and procedures.
- Assisted in preparing audit reports, summarizing findings, identifying gaps in compliance, and recommending corrective actions.
- Identified and documented security risks and non-compliance areas during internal audits, contributing to improving data protection and information security measures.
- Worked alongside IT and governance teams to ensure internal policies and audit practices were properly executed, maintaining a high standard of information security across client operations.
- Provided support in implementing client IS Policy across various departments by educating staff on security protocols and assisting with policy enforcement.
- Served as a coordinator on SSCBS Project, collaborating with clients to ensure successful project execution and providing key support to the company.
