Objective

Currently pursuing Masters in Cyber forensics. Eager to apply academic knowledge in Cyber and IT sectors. Proficient in hacking tools such as Metasploit, Nmap, zphisher. Strong work ethic and quick learner excited to dynamic team environment and grow professionally.

Education

- M G University** 2023 - 2025
Masters in Cyber Forensics
Pursuing
- M G University** 2016 - 2019
Bachelor of Computer Application
72%
- Kerala State Board** 2016
Higher Secondary
83%

Experience

- Brainwerx Institute** October 09 2019 - February 10 2020
Human Resource
Managed calenders, scheduled appointments and arranged meetings and conferences.
Handled confidential documents and maintained their proper organisation.

Projects

- MailGuard - Email Leak Detection System**
Technologies Used: Python, NLP, BERT, LSTM, AES Encryption, Machine Learning.
- Attribute based encryption for secure storage in cloud**
Technologies Used: Attribute-Based Encryption, Cloud Computing, Cryptography, JSP, AWS
- Wormhole Attack Detection using Machine Learning techniques**
Technologies Used: Machine Learning, Python, Wireless Networks, Anomaly Detection, Classification Algorithm.

Courses And Certifications

- IBM Cybersecurity Analyst**
Issued by: IBM via Coursera
- Hardware and Networking, Cisco Certified Network Associate (CCNA)**
Issued by: SDC Kaloor
- Fundamentals of Digital Marketing**
Issued by: Google Garage

Achievements & Awards

- Successfully completed the Campus Excellence Program, conducted by MC² enhancing leadership, teamwork, and communication
- Attended a National Level Workshop on Forensic Investigation organized by St. Teresa's College, gaining valuable knowledge in forensic science techniques
- Actively participated in the Green Protocol program, promoting sustainability and eco-friendly practices on campus.

Internships

- **Network Security**

Company: HKIT Security Solutions

Conducted research on network security vulnerabilities and explored methods for improving protection against cyber threats.

Programming Languages

- Python
- C
- C++

Operating System

- Windows
- Linux
- Kali Linux

Hacking Tools

- Metasploit
- Nmap
- Zphisher
- Wireshark
- Evillimiter
- Sqlmap
- Nikto
- Hydra
- Burpsuite
- Harvester

Skills

- Strong organizational and time management skills
- Communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail oriented and able to handle multiple tasks simultaneously

Languages Known

- Malayalam English
