

SUMMARY

Enthusiastic cyber security professional with an MSc in Information technology and certifications in CCNA, CEH and CHFI. completed a 10-month VAPT internship, gaining hands-on experience in penetration testing, vulnerability assessments, and security incident response, and ethical hacking. Seeking an entry-level role as a SOC Analyst or Security Analyst to apply my skills in threat detection and risk mitigation.

EDUCATION

MGM University

Master's in MSc IT (Information Technology)
2021-2023

BAMU Unversity

BSc Bachelor of science
2017 - 2020

HSC (12th)

2015 - 2017

SSC (10th)

2015

SKILLS

- SIEM & Log Analysis
- VPN
- Firewall
- Risk Management
- Network Security
- Linux Administrator
- Compliance Support
- Penetration Testing & Audits
- Vulnerability Assessment
- Cyber Forensics

CERTIFICATIONS

- C
- C++
- Java
- CCNA
- CEH
- CHFI

EXPERIENCE

Security Analyst (Internship)

- Sysap Technology
- Vulnerability scanning and penetration testing
- 10/11/2023 - 15/08/2024
- Performed vulnerability assessments on web applications, networks, and systems.
- Conducted penetration testing using tools like Burp Suite, Metasploit, and Nmap.
- Identified and exploited security weaknesses, providing remediation suggestions
- Assisted in security audits and prepared detailed risk assessment reports.
- Worked on log analysis & forensic investigation to detect potential threats.
- Gained exposure to SIEM tools and real-world incident response scenarios.
- Vulnerability Scanners: Nessus, OpenVAS
- Penetration Testing Tools: Burp Suite, Metasploit, Nmap
- Log Analysis & Forensics: Wireshark, Autopsy
- Security Standards: OWASP Top 10, ISO 27001
- SIEM : Splunk, IBM QRadar
- Foensics : Autopsy, FTK Imager, Wireshark

HOBBIES

- Pet Care
- Cooking
- Motarsports & Racing Fun
