Results-oriented Cybersecurity specialist having experience teaching cybersecurity and working as a SOC Analyst. Currently working as a College Lecturer, presenting entertaining lectures on cybersecurity subjects and supporting curriculum development. During an internship, I gained experience monitoring and responding to security issues. I also have good technical capabilities in network security, penetration testing, and numerous security tools.

WORK EXPERIENCE

2024 – Present (India)	<i>Cybersecurity Facilitator</i>	Atmic Systemics	Kozhikode
2022 – 2024	<i>College Lecture</i>	Viswabrahmana College	Pathanamthitta (India)
	<ul style="list-style-type: none">▪ Delivered lecture on cybersecurity, network security, and cyber forensics.▪ Guided students through practical sessions and projects.▪ Developed course materials and assessment tools.▪ Assisted in curriculum development for cybersecurity courses.		
7/2022– 10/2022 Trivandrum (India)	SOC Analyst Intern	Cibera Defence Private Limited	
	<ul style="list-style-type: none">▪ DelMonitored, detected, and responded to security incidents.▪ Analyzed Network operations and Linux environments.▪ Conducted Event ID analysis and reported findings.▪ Gained Experience with SIEM tools and platforms like LetsDefend, TryHackMe.		

RELEVANT SKILLS

- **Computer skills:** Microsoft Office, Networking, Cybersecurity, SOC Analyst, Penetration Testing, Python Programming
- **Tools:** Nmap, Wireshark, Nikto, Nessus, Metasploit...
- **Operating Systems:** Windows, Linux

- **Professional/Social:** Teamwork, Project- Management, Communication, Leadership, Organization, Problem-solving
- **Languages:** Native Language, English

EDUCATION

2022 *M.Sc in Cyber Forensics* **Mahatma Gandhi University** **(Pathanamthitta, India)**

- Computer Organization Fundamentals
- Cybersecurity Techniques
- Programming for Security
- Advanced Networking and IoT
- Risk Assessment and Legal Aspects

2020 *B.Sc in Cyber Forensics* **Mahatma Gandhi University** **(Pathanamthitta, India)**

- Linux Fundamentals
- Cybersecurity Techniques
- Programming for Security
- Networking
- Hacking Concepts

2017 *DME* **Vethamonikam Memorial CSI Polytechnic College** **(Marthandam,India)**

- Proficient in 2D/3D CAD Software: AutoCAD
- Strong understanding of thermodynamics, fluid mechanics, and heat transfer.
- Knowledge of manufacturing processes: CNC machining, welding, casting

PROFESSIONAL CERTIFICATIONS

2024 – Certified Ethical Hacker (CEH)	EC-Council
2023 – Certified Penetration Testing (CPT)	REDTEAM HACKER ACADEMY
2021 – Ethical Hacking Associate (EHA)	EC-Council
2018 – C&C++	ECIT
2017 – WEB DESIGNING	ECIT
