## Technical Skills

Cyber Security fundamentals  
SIEM  
  
Networking  
OS - Linux , Windows, Mac OS,  
Ubuntu  
CyberSecurity Framewok - NIST  
Virtualization

## Tools

Wazuh (SIEM)  
Wireshark  
Burpesuite  
Metasploit

## Hobbie

Newspaper  
Books  
Badminton  
Watching  
Documentari  
es about  
History ,and  
ScienceTechn  
ology

## Language

English  
Marathi  
Hindi

## Profile

Enthusiastic and dedicated Cybersecurity student with a strong foundation in networking and security principles. Possess excellent communication, leadership, and problem-solving skills. Eager to apply theoretical and practical knowledge and contribute to maintaining secure digital environments as a Cybersecurity Intern.

## Education

2009	SSC
-	62.55 %
2010	MES Boys High School , Pune
2010	HSC (Commerce)
-	60.00 %
2012	MES Garware College of Commerce , Pune
2012	Bcom – Marketing Management
-	57.92 %
2015	MES Garware College of Commerce , Pune
2017	MA - political science
-	66.25 %
2019	Savitribai Phule Pune University , Pune

## Soft Skill

Problem Solving attitude |Adaptability | Effective  
Communication |Teamwork| Time Management |Attention to  
Detail Observation

## Top Skill

My Top skills are Security incident Management | Incident analysis |  
Information Security | Threat Analysis | SIEM | Security Assessment |  
Analytical Skills

Experience

Jr.Security Analyst ( Internship)

Newton's Apple – [Pune, Maharashtra]  
[Dec, 2024] – [till now ]

- 1. Configured, deployed, and managed the **Wazuh Security Platform** for intrusion detection, log analysis, and vulnerability management.
- 2. Integrated the **ELK Stack (Elasticsearch, Logstash, and Kibana)** to centralize, visualize, and analyze security logs.
- 3. Created and fine-tuned custom **Wazuh rules** to detect potential security threats and anomalies.
- 4. Performed **log correlation** and **threat hunting** using Kibana dashboards to identify suspicious activities and potential security breaches.
- 5. Automated routine monitoring tasks and generated periodic security reports using **Kibana visualizations and alerts**.
- 6. Assisted in the development and optimization of **SIEM (Security Information and Event Management)** workflows to enhance security posture.
- 7. Collaborated with the IT and security teams to implement **file integrity monitoring (FIM)** and **policy violation detection**.
- 8. Documented procedures for Wazuh and ELK deployment, configuration, and troubleshooting for future scalability and onboarding.

Key Skills

- 1. **SIEM Tools:** Wazuh, ELK Stack (Elasticsearch, Logstash, Kibana)
- 2. **Security Monitoring:** Threat detection, log analysis, intrusion detection
- 3. **Automation:** Wazuh rules, alerts, and Shuffle monitoring workflows ,The Hive
- 4. **Reporting & Visualization:** Kibana dashboards, custom reports
- 5. **Compliance:** File Integrity Monitoring (FIM), vulnerability assessments
- 6. **Scripting & Configuration:** Bash, YAML, JSON

Voluntary and Extracurricular

( 2017 to 2024 )

Preparing for UPSC Civil Services  
Examination : As a Aspirant

- 1.Study for General studies-Polity and Constitution,History,Geography,Science and Technology,Economy,Environment and Current Affairs.
- 2.Study for Ethics Integrity and Aptitude.
- 3. Study for Optional (Political Science and International Relations) and Reading newspaper for Political Analysis.

Cetifications

- 1. ISO-IEH 27001:2022 Information Security Associate - Skillfront
- 2. Fortinet Certified Associate in Cybersecurity

As a Jr.Security Analyst (Intern) at Newton's Apple

Collaborated with a team of five to implement wazuh integration with ELK stack,Virustotal. Enhancing the organisation's security information and event management (SIEM) capabilities. Configuring and optimizing the ELK stack for effective log analysis and threat detection. Conducted system testing and troubleshooting to ensure seamless integration of wazuh with existing infrastructure
