## SUMMARY

A dedicated cybersecurity professional with 1.6 years of experience, including 6 months as an intern and 1 year of full-time work in Security Operations in the same company. Proficient in incident detection, log analysis, threat intelligence, and SIEM tools, with a strong foundation in network and endpoint security. Passionate about cybersecurity, I aim to continuously enhance my expertise while contributing to securing digital environments. Eager to apply my knowledge and experience to further grow in the cybersecurity field.

## EXPERIENCE

**Junior SOC Analyst**                                                      12/2023 - Present
Necurity Solutions Private Limited

- Monitored the client's SIEM console in real-time and escalated relevant alerts.
- Experienced in using SIEM tools such as Wazuh, AlienVault, and Seceon for threat detection and log analysis.
- Managed asset inventory to ensure all network and endpoint devices were accounted for in SIEM monitoring and security event monitoring.
- Sent monthly reports to clients, summarizing security incidents, system vulnerabilities, and recommended actions.

**SOC Analyst Internship**                                                  08/2023 - 12/2023
Necurity Solutions Private Limited

- Assisted in monitoring and analyzing security events using SIEM tools, identifying potential threats and vulnerabilities.
- Conducted log analysis and provided insights for improving security posture.
- Collaborated with the team to ensure network and endpoint devices were properly integrated into the monitoring system.
- Assisted in investigating and mitigating security breaches, contributing to incident response efforts.

**Internship cum Training on Cyber Security**                              07/2022 - 08/2022
National Institute of Electronics & Information Technology (NIELIT)

- Completed a 1-month online internship focused on cybersecurity and IT infrastructure management.
- Gained practical experience in monitoring network traffic and analyzing security events remotely.
- Assisted in risk and threat mitigation through the implementation of security measures.
- Collaborated virtually with senior analysts to investigate and resolve security incidents.
- Achieved 85% in the final assessment, demonstrating strong understanding and skills.

**Cyber Security Internship**                                              06/2022 - 08/2022
CyberFort Digisec Solution Private Limited

- Completed a 3-month internship in cybersecurity focusing on threat detection and incident response.
- Gained experience in remotely monitoring security events, conducting vulnerability assessments, and managing security risks.
- Took a deep dive into cloud security concepts, learning about cloud architecture, data protection, and securing cloud environments.
- Worked with cloud access controls, identity management systems (IAM), and multi-factor authentication (MFA) to secure cloud resources.

## EDUCATION

**M.Sc Cyber Forensics and Information Security** 06/2021 - 05/2023
University of Madras - CGPA - 80%

- Integrated Keycloak, an IAM tool, for secure authentication and access management in a locally hosted OTT website.
- Conducted research on cyber threats, analyzing real-world attack patterns, risk mitigation strategies, and forensic investigation techniques.
- Gained hands-on experience with forensic tools such as Autopsy, FTK, EnCase, and Wireshark for digital forensic investigations.

**Bachelor of Computer Application (BCA)** 08/2018 - 05/2021
Patrician College of Arts & Science - CGPA - 83%

- Created a college website using HTML as part of an academic project, showcasing front-end development skills.
- Acquired practical experience in programming, database management, and web development through coursework and projects.
- Gained hands-on experience in Java programming, focusing on object-oriented concepts and developing small-scale applications.

## CERTIFICATES

**Certified SOC Analyst (CSA)** 11/2024 - Present
Razz Security Academy

**SOC Analyst Internship** 08/2023 - 12/2023
Necurity Solutions Private Limited

**Internship cum Training on Cyber Security** 07/2022 - 08/2022
National Institute of Electronics & Information Technology (NIELIT)

**Cyber Security Internship** 06/2022 - 08/2022
Cyberfort Digisec Solution Private Limited
