CAREER OBJECTIVE

As a recent graduate with a passion for cyber security and hands-on experience with Penetration Testing tools. I am eager to leverage my skills and knowledge to contribute effectively to a dynamic team in the field of Cyber Security.

SUMMARY OF SKILLS:

- Knowledge of Tools Pentest Tools like Metasploit , Nessus, Burpsuite , NIST, MITRE
- Knowledge of Exploit Tools Like Netsparker, Acunetix, Ettercap, Aircrack
- Knowledge of Vulnerability Management, Vulnerability Assessment
- Knowledge of Malware Analysis , Phishing Analysis and Threat analysis
- Knowledge of DLP(Data Loss Prevention)
- Incident response, Detection and Investigations
- Knowledge of Internal &External Security Audit.

EDUCATIONAL QUALIFICATIONS:

- **MCA(Computer Applications):**
  Vageeshwari Engineering College (2021-2023) CGPA: 7.0
- **B.Sc(Computer Science):**
  Sree Chaitanya degree college (2018-2021) CGPA: 8.3
- **Intermediate:**
  SR Junior College (2016-2018) Percentage: 6.0
- **SSC :**
  Presidency High School (2015) CGPA: 7.5

TECHNICAL SKILLS:

• **SIEM Tools:** Splunk, ArcSight, QRadar

• **VAPT Tools:** Nessus, Nexpose, Backtrck, Nmap, Metasploit, Sqlmap, Burpsuite, Webscrab.

• **Network Security Tools:** Nmap, Nessus, Metasploit Framework, Wireshark, Ettercap.

• **Ticketing Tools**: Service now

• **Programming Languages:** C, C++, Python, JavaScript and PHP.

• **Business Intelligence:** Power Bi

• **Operating System:** Windows, Kali Linux, Parrot OS

• **Database:** MySQL

PROJECT:

PROJECT TITLE : Vulnerability Assessment & Penetration Testing.
DESCRIPTION: Conducted regular vulnerability assessment using tools such as Nessus and Qualys, identifying and prioritizing security weaknesses in the IT infrastructure.

• Conducted penetration testing on web applications using tools such as Nmap, Burp Suite and SQL Map.

• Managed and tracked vulnerability remediation efforts, coordinating with IT and development teams to ensure timely patching and resolution.

• Developed and maintained vulnerability assessment reports, documenting findings, and providing recommendations to clients.

• Analyzed threat intelligence data to enhance vulnerability assessments and improve the organization's overall security posture.

CERTIFICATIONS:

• EC-Council: Certified Ethical Hacker
• Qualys: Webapplication Scanning

STRENGTHS: Quick Learning || Hard Working || Positive attitude.

DECLARATION:

I hereby proclaim that the details provided in the resume are true to the best of my knowledge and I shall bear all responsibilities for their accuracy.
