PROFESSIONAL SUMMARY

Recent BCA graduate with a solid foundation in computer applications, proficient in C++ and Java, with basic knowledge of HTML. Demonstrates a strong understanding of cybersecurity principles and practices. A confident and motivated individual eager to apply academic knowledge in a practical setting, keen to gain hands-on experience and contribute to the success of a dynamic team. Enthusiastically seeking opportunities to learn and grow in the tech industry.

PROJECT

Pet Adoption App :

Developed a mobile application designed to facilitate the adoption process by connecting potential pet adopters with available pets. The app provides a user-friendly interface where users can browse, search, and inquire about pets up for adoption were XML and Java are used for the frontend. The application features a user-friendly interface for browsing and adopting pets, a secure login and registration system, and a robust database to manage pet and user information.
