PROFILE SUMMARY

Versatile software engineer with over **3+ years** of experience in iOS, front-end development, cloud support, and DevOps. Certified in **CEH v13 AI**. I am transitioning into cybersecurity and seeking an a role in any security domain. I'm eager to enhance my skills in threat detection, incident response, reverse engineering, vulnerability assessment, and cybersecurity best practices.

WORK EXPERIENCE

Reflections Info System Pvt Ltd   **Nov 2021 - Feb 2025**

- Designed and developed web applications using React and Angular, focusing on scalability, performance, and user experience.
- Designed and developed iOS applications using Swift, ensuring seamless functionality and optimized performance.
- Worked on support projects in Azure and AWS, managing cloud infrastructure, monitoring services, and ensuring system reliability.
- Provided technical support and troubleshooting for cloud-based applications, optimizing performance and security.
- Collaborated with cross-functional teams to deliver efficient and business-driven solutions.

SKILLS

Cybersecurity Tools : Wireshark, Nmap, Burp Suite, OWASP ZAP, Splunk, TheHive, Nessus

Databases: MySQL, MongoDB

Frameworks & Libraries: React JS, Next JS, Angular

Mobile Development: iOS (Swift)

Development Tools: Visual Studio Code, Xcode

Internet Technologies: HTML, CSS, Bootstrap, Material UI, Tailwind CSS

Operating Systems: Windows, macOS, Linux (CentOS, Ubuntu)

DevOps & SRE Tools: Vagrant, Terraform, Jenkins, Ansible, Docker

Version Control: Git

Graphic Design: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator

PROJECTS

- **PIDILITE** (Azure, Postman , JIRA) - L1 Support: Monitored Azure Data Factory, reported incidents, and ensured error handling and alerting mechanisms for real-time data exchange between SAP and Distributor Management System.
- **NEUMONEY** (iOS Swift) - Mobile Developer: Developed and fixed defects in the NeuMoney iOS credit card application, conducting peer code reviews for app enhancements.
- **AWST** (React, Next JS, Material UI) - Front-End Developer: Developed and maintained front-end features for the NFT platform, providing a seamless user experience for blockchain and NFT interactions.

EDUCATION

- **Bachelor of Technology , Computer Science**   **2016 - 2020**
  Rajadhani Institute of Engineering & Technology
- **Plus 2 Computer Science**   **2014 - 2016**
  Mattappally Memorial Higher Secondary School
- **SSLC**   **2013 - 2014**
  Amirta Sanskrit Higher Secondary School

ADDITIONAL INFORMATION

Certifications: Certified Ethical Hacking **CEHv13 AI** , Introduction to Cloud Infrastructure Technologies, Introduction to DevOps, **Site Reliability Engineering** Course by GOOGLE , Introduction to Jenkins (LFS167), Oracle Cloud Foundation, Jira Service Management.

Hobbies & Interests : Video Editing, Photo Editing and storytelling through visual media.
